## ABOUT ME

I am an enthusiastic and results-oriented Engineering Technology undergraduate at the University of Colombo – Faculty of Technology, with a strong academic and practical background in Information and Communication Technology (ICT), software development, and technical innovation.

With hands-on experience in roles such as E-Commerce Administrator, Assistant Manager, and Sales Executive at Wybe Fashion, I have cultivated a solid foundation in team leadership, customer service, and digital operations. My previous role at Star Garments Group further enhanced my skills in industrial systems monitoring, data analysis, and technical troubleshooting.

My goal is to innovate and solve practical problems through technology, while continuously growing in the fields of software engineering, AI, and business management.

## EDUCATION

### University of Colombo – Faculty of Technology

*Bachelor of Information and Communication Technology (BICT) – Currently Pursuing* | Sep 2024 – Expected Sep 2028

- Multidisciplinary ICT degree aimed at producing well-rounded professionals in fields such as System Administration, Network Administration, Database Management, and DevOps Engineering.
- Curriculum includes Operating Systems, Programming, Computer Networks, Databases, and core Computer Science theory.
- Academic partnerships with Cisco Networking Academy, Linux Academy, AWS Academy, and UiPath Academy offer free access to industry-standard LMS platforms and certification resources.
- Key practical components include Mini Project (Year 1), six-month Internship (Year 3), and CADP Final Year Research Project (Year 4) with system design, research, thesis writing, and paper publication.
- Hands-on experience with modern technologies including Cloud Computing, Internet of Things (IoT), Human-Computer Interaction (HCI), Network Security, and Multimedia Systems.
